ADDRESS IS ISSUED.

Parliament at Viborg Makes an Appeal to Russians.

IT IS REVOLUTIONARY

Document Holds the Government to Be Entirely to Blame For Parliament Not Being Pro-ductive of Results.

Viborg, Finland, July 24.—The curtain dropped Monday on the final act of the drama of Russia's first parliament when, under the spur of the threat of Governor Rechalberg to use military force to end the session, and with troops already converging on Hotel Belvedere, where the meeting was held, the assembled members of the lower house, 186 in number, hurriedly adopted and signed an address to the people, which is thoroughly revolutionary in its nature, elected a perpetual legislative committee, headed by Prince Paul Dolgoroukoff, vice president of the house, to carry on the work of liberation, and adjourned amidst characteristic Russian embracing and kissing.

A few members, including President Mourontsoff, M. Petrunkevitch and Count Heydon, returned to St. Petersburg by evening train. The Constitutional Democratic consorts stated they would go to St. Petersburg in a body, but many of the Radical members, fearing their arrest on their arrival at the capital, will remain for the present in Finland, or return by roundabout routes.

The address, which bears a remarkable similarity to the manifesto framed by the Council of Workmen last November, which landed its authors and editors of eight St. Petersburg newspapers in cells of the Fortress of St. Peter and St. Paul, strikes the government in its most vulnerable point by declaring that the administration, and not parliament, is responsible for the delay in settlement of the agrarian question, and by proclaiming a cessation of payment of taxes and of military service and repudiation of future loans.

APPEAL TO PEOPLE.

Copies of the Same Were Given Every St. Petersburg Newspaper.

St. Petersburg, July 24.—The great news Monday was the adoption of an address to the people by the deputies to parliament, assembled at Viborg, the language of which, with its revolutionary demands that the people cease to furnish money and troops to the government and repudiate further loans, affords pretext enough for the government to lodge its authors in the fortress if it feels strong enough. A rumor was spread that this course had been decided upon.

A large crowd gathered at the Finland station, where the deputies were expected to arrive, but only a few appeared, and these were not molested, and neither was there a popular demonstration. Among the arrivals were President Mourontsoff and Ivan Petrunkevitch. The former came on a local train entirely unattended. He was plainly downcast, and responded to the salutation of the Associated Press correspondent by the mere raising of his hat, and hurried on to escape an interview.

Mr. Petrunkevitch, filled with the revolutionary spirit, claimed for the Constitutional Democrats the credit for the text of the appeal.

Copies of the appeal to the people are in the hands of all St. Petersburg newspapers.

The dissolution of the Russian duma by the imperial ukase brings Russia face to face with what may prove to be the most stupendous revolution in the history of the country. The emperor's autocratic act also brings down the curtain temporarily, at least, on the late stand, and one of the most interesting attempts in history to give a national form of representative government.

Judged by its positive achievements, the duma will not rank high as a law making assemblage, but as giving voice to a people's sense of wrongs, its brief existence has proved of momentous importance. The circumstances of the duma's proceedings and the dearth of legislation that might be of benefit to Russia may be attributed to two causes:

The lack of harmony among the strangely diverse elements that went to make up that body, and the fundamental law that might be considered by the parliament.

The duma's one piece of legislation that has become a law is a bill appropriating \$7,500,000 for the relief of famine stricken peasants.

Demonstration Resulted.

Kislovsk, Caucasus, July 24.—The announcement of the dissolution of the Russian parliament provoked a revolutionary demonstration in the streets of this city, in which thousands of persons demonstrated.

All Newspapers Suspended.

Saratoff, July 24.—All the newspapers of this city have been suppressed.

BRYAN'S IDEA GOES.

His Amended Resolution Unanimously Adopted.

PEACE ABOVE IT ALL

By This Action the Scope of Arbitration Is Considerably Widened and Warfare Not So Likely to Occur.

London, July 24.—The proposed rider of Hon. W. J. Bryan to the model of an arbitration treaty, introduced in the Interparliamentary union Monday, was discussed. After discussion it was amended thus:

"If a disagreement should arise which is not included in those questions to be submitted to arbitration by contracting parties it shall not result in any act of hostility before they are separately or jointly investigated, as the case may necessitate the formation of an international commission of inquiry or mediation of one or more friendly powers. This requisition will take place if necessary, in accordance with Article VIII of The Hague convention providing for peaceful settlement of international conflicts."

The above was unanimously adopted after speeches by former Austrian Minister of Commerce von Plehner and Mr. Bryan, both warmly supporting the amended rider. The latter said his amendment was aimed at widening the scope of arbitration, so as to include questions of national honor, the chances being 100 to 15 that the proposed investigation of facts would also settle any question of national honor. If the hand of war could be stayed till the conscience was awakened war would become remote. The amendment, therefore, was a long step in the direction of peace.

HAS SOME DEFECTS.

Pure Food Law, However, Declared a Step in Right Direction.

Chicago, July 24.—Through its executive committee, which met here, 150,000 members of the National Retail Grocers' association thanked President Roosevelt for the stand he took in regard to the pure food law recently passed by congress.

"Although the law has some defects, it is a big step in the right direction," said John A. Green, president of the association. "It is the retail grocers who are most deeply concerned in the pure food movement, and it was our association which started and helped maintain the campaign. We had a committee in Washington most of last session of congress.

"We will now make a campaign in the various states for the making of laws to conform with the national pure food law and to make convictions under the state laws possible. We predict that inside of two years the manufacture of impure foods will be impossible."

Other business concerned pertained mostly to the Grocers' National convention, to be held next January at Dallas, Tex.

MRS. BAILEY ACQUITTED.

She and Her Husband Clapsed Hands and Thanked the Jury.

Fulton, Mo., July 24.—The jury in the murder case of Mrs. Bailey, charged with being an accessory to the killing of James Lawder, whom her husband shot dead, Monday returned a verdict of acquittal after having been out forty hours. Bailey was acquitted on Saturday. When the verdict freeing Mrs. Bailey was read she and her husband clasped hands, and both thanked each member of the jury. They left the courthouse together. Bailey, an employee of Lawder's coal mine, shot Lawder dead upon learning of the intimacy existing between Lawder and Mrs. Bailey. The reading of the sensational letters written to Lawder by Mrs. Bailey was a feature of the trial. In her lap Mrs. Bailey held an infant, whose father, she testified in the trial, was Lawder.

"DEAREST EDITH."

Mysterious Endearing Epistle Found by Resident of Allegheny.

Pittsburg, July 24.—In refutation of the charge that the letter had been stolen from the office of Attorney John M. Freeman, Edward G. Hartje, brother of the libellain, was on the stand when the Hartje divorce case hearing was resumed Tuesday.

Witness explained that the "Dearest Edith" letter, the nature and significance of which are still a rebuttal mystery, and a note bearing the firm name of Watson & Freeman, attorneys, was found by J. Smith, Jr., of Allegheny and turned over to him by a tenant.

VIOLENTLY ACTIVE.

Stromboli Volcano Has Resumed Operations and People Excited.

Palermo, Italy, July 24.—Stromboli volcano, after quieting down, again has become violently active. Lava is pouring out of the crater and the population of the Island of Stromboli is excited.

Democratic executive committee. Frank Andrews has already paid out \$3,500 from his own purse for having this honor. As a result of this expense there has not yet appeared a single candidate for the State chairmanship, and with an expense of anywhere from \$3,000 to three times that amount awaiting the man who is elected to this position, with nothing save an empty honor in return, the outlook is that candidates for chairman will be powerfully scarce.—Ft. Worth Star.

TROLLEY LINE COMMITTEE ENCOURAGED.

The Eagle learns that the trolley line committee feels encouraged with the outlook for securing the stock subscription necessary to obtain the line. It is realized that many things make the canvass difficult at this time. There is the diversion caused by the political campaign going on and the fact that now is the critical period with the crops; also that there are other important enterprises on hand. But in the face of all these things the committee has about eight or ten thousand dollars in sight and is very hopeful. The personnel of the committee suggests that they will push the matter to a successful termination if such a thing is within the realm of possibility. If everybody will lend a helping hand the task will be comparatively easy.

Given a Demonstration.

St. Petersburg, July 24.—The bulk of the members of the outlawed douma have arrived here from Viborg. They were given a popular demonstration.

Parks Passes Away.

Denton, Tex., July 24.—J. O. Parks, an old settler and former county clerk, is dead.

Katy Conductor Dies.

Smithville, Tex., July 24.—W. L. Johnson, a Katy conductor, died here.

BUILDING COLLAPSED.

Eight Persons Crushed to Death, and Many More Injured.

South Farmington, Mass., July 24.—By the collapse of a building here in process of construction eight workmen were crushed to death and a number injured.

Three Have Typhoid Fever.

Annapolis, July 24.—Three members of the new fourth class at the naval academy are now confined in the academy hospital with typhoid fever. They are Eugene Thorpe of Louisiana, J. H. Smith of Ohio and Edward Webb of Louisiana. All were taken sick aboard the practice ship Severn.

IMPACT TERRIFIC.

Several Cars in Rear of Train Were Wrenched and Twisted.

Spokane, Wash., July 24.—At least seven lives were lost, seven persons seriously injured and a score of others sustained cuts and bruises in the wreck of the fast mail train on the Great Northern a mile and a quarter east of Camden, Wash., late Monday afternoon when the locomotive, mail, baggage and smoking cars left the rails on emerging from a tunnel, and, plunging over a seventy-foot embankment, were submerged in the waters of Diamond lake. Spreading rails, probably, caused by sun kinks, is given as the cause. Immediately after the smoker struck the water there was a blinding flash, which spread over the part of the car not submerged, and fire followed. The impact was so terrific that several cars in the rear of the train were wrenched and twisted. The fact that the couplings did not break on the dining and tourist sleeper is the only thing that averted a large loss of life.

Engineer Munson and the fireman bravely stuck to their posts. It is believed the locomotive is in from 100 to 300 feet in water. Two divers made half a dozen attempts to find the locomotive, but they were not successful.

W. S. Ninneman, contractor for construction work for the Oregon Railroad and Navigation company, broke through a window to escape from burning and was half submerged in the smoker. Mr. Ninneman said: "We were coming at a fearful speed through that tunnel and we passengers were all wondering if the engineer had lost his senses in driving at that rate of speed with a sharp curve ahead. I think he must surely have been going forty-five miles an hour."

DEATH DOOMED.

Terrorists Include Emperor and Trepoff Among Those Condemned.

St. Petersburg, July 24.—Proclamations announcing that the death sentence be imposed on Emperor Nicholas, General Trepoff, M. Pezledonostoff, who was procurator general for the holy synod, General Orloff, the "pacifist" of the Baltic provinces and others have been scattered over part of Peterhof. The Terrorists are said to have succeeded in putting copies of the sentence on the doors of General Orloff's and General Trepoff's apartments.

Already it is certain that some consternation is apparent in upper spheres over the magnitude of the assumed task. Events are marching with startling rapidity.

Domiciliary searches continue in all quarters of the capital. Prisons are already filled and the old blind system of attempting to conceal from the people what is happening is being adopted. Censorship of the press will be established with a vigor unknown since the days of the late Interior Minister von Plehve, accompanied by wholesale confiscation of newspapers. No word of the proceedings of the members of parliament at Viborg or of the address adopted have been permitted to be published.

Telegrams from provinces telling of the universal indignation caused by dissolution, and even those from abroad outlining public opinion in foreign countries have been emasculated or suppressed. On a word of the speech of Premier Campbell-Bannerman before the Interparliamentary union at London has been allowed to be printed.

TWO ARRESTS.

Authorities Have Orders to Apprehend Some Social Democrats.

Viborg, Finland, July 24.—During Monday night the members of the outlawed Russian parliament received word that two of their number had already been arrested—namely, Father Koyarkoff at Vorenzh, and Cossack deputy, M. Kharlamof, at Rostox-on-the-Don. The authorities are also understood to have orders to arrest several Social Democrats, especially a priest named Afanasieff. Both Father Koyarkoff and M. Kharlamof distinguished themselves by preaching revolution from the rostrum of the parliament, the latter being especially bitter in the denunciation he used against his people in massacring their Russian brethren.

AFTER JEWS.

Number of Them Have Been Killed or Wounded at Odessa.

Odessa, July 24.—Anti-Jewish outbreaks have commenced here. A number of persons have already been killed or wounded. Cossacks and rowdies are plundering deserted Jewish houses and shops. On Srednaia street three Jews were killed and three wounded in attempting to defend their property while the police looked on. The whole city is in a state of panic. Many inhabitants are fleeing. Black Hundreds are distributing bloodthirsty proclamations.

"It Is Perfectly Absurd."

New York, July 24.—In reply to a note which was sent Mrs. Harry K. Thaw informing her of a report originating at Pittsburgh that she was about to bring suit for divorce she wrote: "It is perfectly absurd."

Continued to Fall.

London, July 24.—The new Russian loan continued to fall on the Stock Exchange Tuesday and was quoted at 12 per cent discount. Otherwise the market recovered from the first shock of news from Russia and prices generally were steady Tuesday.

Death List Ten.

South Farmington, Mass., July 24.—Up to noon Tuesday the death list of the collapsed building numbered ten. At that time four were missing and eight in a hospital. Total number in the building was twenty-four.

BROKE YEAR'S RECORD IN ELKDOM

W. S. Howell of Bryan the Youngest Representative of Grand Exalted Ruler.

A Denver, Colorado, special to the Dallas News say: According to the reports of the Texas district deputies, the Lone Star State made rapid strides in Elkdom during the past year. District Deputy W. S. Howell of the southern jurisdiction, with headquarters at Bryan, broke the record in the United States, having instituted six lodges during the past year—Nacogdoches, Laredo, Lufkin, Corpus Christi, Gordon and Brownwood, with a total membership of over 400.

District Deputy Seeley of Central Texas instituted Marlin, while District Deputy McElree of North Texas instituted San Angelo. Deputy Howell enjoys the distinction of being the youngest representative of the grand exalted ruler in the country, and he made an excellent record. It is stated that there are forty-five lodges in the State, with a total membership of 5,000.

ORGAN RECITAL.

Mr. Horton Corbett of Houston, organist of Christ Episcopal church and fellow of the American Guild of Organists, gave an organ recital at the First Baptist church Monday night before a large audience. The following program was rendered:

Improvisation..... Corbett
Largo in G..... Handel
Fugue in D..... Bach
Solo—

"Forever with the Lord." Gounod
Mrs. J. Webb Howell
(a. Romance (Tannhauser) Wagner
(b. Swabian Lied..... Gibbons
(c. Traumerl..... Schumann
(d. Intermezzo..... Macbeth
Solo—

"O Eyes that are Weary" Drackett
Mrs. W. C. Davis
Grand Offertoire..... Batiste
Festive March..... Wallis

The program was short and exceedingly well chosen and its rendition evinced the finely cultivated musical ability of Mr. Corbett, who is not only a musician but a composer of note. He is a thorough master of that glorious instrument, the pipe organ, and a lover of the best composers whom he interprets with the conception of a finished artist. He was much pleased with the fine Hutchings-Votey organ at the Baptist church and with the appreciative reception accorded him by the people of Bryan.

The vocal numbers by Mrs. J. Webb Howell and Mrs. Wilbur C. Davis gave pleasing variety to the program and added to the popularity these ladies so meritoriously enjoy as singers. Although they have achieved many successes in local entertainments, they have never appeared to better advantage than on this occasion.

CONGRESSIONAL CAMPAIGN.

Several Prominent Republicans Confer With the President.

Oyster Bay, July 24.—President Roosevelt reviewed the campaign plans of the Republican congressional committee Monday, and pronounced them good, and entirely to his liking. He entertained at luncheon at Sagamore Hill Speaker Cannon, Chairman Sherman of the congressional committee, Representatives Loudenslager of New Jersey and McKinley of Illinois, respectively secretary and treasurer of the committee. Senator Penrose of Pennsylvania came on a later train, and was also a guest.

Secretary Loeb was present, and after the conference, made this statement: "The plans of the congressional campaign were gone over generally, and the president expressed himself as being in entire accord with the ideas of the committee."

Speaker Cannon's comment was this: "I was a guest of the president, and as such it would hardly be seemly for me to discuss what took place. I should like to say that the conference was eminently satisfactory, and the congressional campaign situation not bad."

Chairman Sherman, after remarking that the president's keen interest was a valuable asset to the campaign, said that the headquarters of the committee would be open in New York in the St. James building, and that the campaign work would go on continuously. Mr. Sherman is to give his entire time to the direction of affairs from New York.

Secretary Loudenslager will devote his attention to the New York headquarters, as will Treasurer McKinley.

Mr. Sherman said that the speakers so far selected for the heavy work included Secretary Taft, Secretary Shaw, Speaker Cannon, Senator Beveridge and several other senators, as well as practically the entire Republican membership of the house of representatives. While no one would speak under quotation regarding the tariff, it was learned that the Republican text book, which is to be issued within two or three weeks, will be a "stand pat" document from beginning to end.
